# A LUXURY VILLA FOR RENTAL ON THE BEAUTIFUL ISLAND OF **MAURITIUS**

The Republic of **Mauritius is a tiny paradise** of sunshine and joy, a blend of radically different cultures resulting from successive periods of immigration from Europe, Africa, India and China over the centuries.

The volcanic origin of the island resulted in the creation of a spectacular setting, with **stunning white beaches protected by the barrier reef** and an extensive central plateau with plantations and tropical forests extending up the slopes of the imposing mountains.

These remarkable natural features make this **special island the ideal destination for dream holidays** and absolute tranquillity.

Mauritius House offers weekly rentals of a **large independent villa** on two floors that sleeps 8 and is therefore ideal for **big families or groups of friends** seeking an **unforgettable holiday**.
